Subtraction Facts to 20

Name: _____ Date: _____ Class: _____

Part A - Take Away

The crossed counters have been taken away. Count the ones that are left.

1. 

10 - 3 = _____

2. 

8 - 4 = _____

3. 
12 - 5 = _____

Part B - Count Back

Start on the first number. Draw your jumps back on the number line, then write the answer.

1. **13 - 4 = _____**

2. **11 - 5 = _____**

3. **15 - 6 = _____**

Part C - Think Addition

Use the partner addition fact. Fill in the missing number, then write the answer.

1. 12 - 7 = _____ because 7 + _____ = 12

2. 14 - 6 = _____ because 6 + _____ = 14

3. 18 - 9 = _____ because 9 + _____ = 18

4. 11 - 4 = _____ because 4 + _____ = 11

5. 16 - 7 = _____ because 7 + _____ = 16

6. 13 - 8 = _____ because 8 + _____ = 13

Part D - Word Problems

Pick the way that fits each story. Show your thinking on the lines.

1. There were 15 birds on a fence. 6 of the birds flew away.
How many birds are on the fence now?

_____

_____

Answer: _____

2. Leo had 12 marbles. He gave 5 of them to Mia.
How many marbles does Leo have left?

_____

_____

Answer: _____

Answer Key - Subtraction Facts to 20

Part A - Take Away

1. 10 - 3 = 7

2. 8 - 4 = 4

3. 12 - 5 = 7

Part B - Count Back

1. 13 - 4 = 9 (jumps land on 12, 11, 10, 9)

2. 11 - 5 = 6 (jumps land on 10, 9, 8, 7, 6)

3. 15 - 6 = 9 (jumps land on 14, 13, 12, 11, 10, 9)

Part C - Think Addition

1. 12 - 7 = 5 because 7 + 5 = 12

2. 14 - 6 = 8 because 6 + 8 = 14

3. 18 - 9 = 9 because 9 + 9 = 18

4. 11 - 4 = 7 because 4 + 7 = 11

5. 16 - 7 = 9 because 7 + 9 = 16

6. 13 - 8 = 5 because 8 + 5 = 13

Part D - Word Problems

1. 15 birds - 6 flew away: 15 - 6 = 9 birds.
2. 12 marbles - 5 given away: 12 - 5 = 7 marbles.
